This article has been retracted: please see Elsevier Policy on Article Withdrawal (<http://www.elsevier.com/locate/withdrawalpolicy>).

The authors have plagiarized part of a paper that had already appeared in *Afrika Matematika*, 2012, 1–9. <http://dx.doi.org/10.1007/s13370-012-0083-9>. One of the conditions of submission of a paper for publication is that authors declare

explicitly that their work is original and has not appeared in a publication elsewhere. Re-use of any data should be appropriately cited. As such this article represents a severe abuse of the scientific publishing system. The scientific community takes a very strong view on this matter and apologies are offered to readers of the journal that this was not detected during the submission process.
